Re: Schoolwide Precautions and Preparations for COVID-19

Out of an abundance of caution, Utopian Academy for the Arts will temporarily close its classrooms effective Monday, March 16, 2020, to prevent the spread of the novel coronavirus disease. The suspension of instructional service will last until further notice. This autonomous decision is supported by Georgia Governor Brian Kemp and State Schools Superintendent Richard Woods.

Communication regarding the reopening of our school will be sent in advance via our website, Remind, and social media. During our break, cleaning crews will work to sanitize our campus to protect the health of our students, faculty, and staff.

To our students, we fully understand that the abrupt break from classes will disrupt some of the exciting activities that were scheduled before Spring Break. However, we must protect the health of our community of scholars, faculty, and staff members.

To our parents, we appreciate your support and understanding as we take the necessary steps to keep our campus safe.

Yours in education,

Artesius Miller, Ph.D.
